

## TELEGRAPH IS AGAIN MADE OFFICIAL NEWSPAPER BY SUPERVISORS

### WILSON APPEALS FOR HONOR OF THE NATION

PRESIDENT DELIVERS HIS PANAMA CANAL TOLL MESSAGE IN PERSON TODAY.

### ADDRESSES THE U. S. CONGRESS

SAYS EXEMPTION OF SHIPS IS MISTAKEN ECONOMY AND A TREATY VIOLATION.

### WOULD SUSTAIN NATIONAL HONOR

Says Only Thing We Can Afford to Do is Accede to Demands of Great Britain.

(By the Associated Press)

Washington, Mch. 5.—President Wilson personally appealed to congress, assembled in joint session today, to sustain the national honor of the United States in upholding treaty obligations by repealing the Panama tolls exemption against which Great Britain protests. He asked congress to do that "in support of the foreign policy of the administration," and added that an exemption for American ships not only was a "mistaken economic policy," but was in contravention of the Hay-Pauncefote treaty.

"I shall not know how to deal with other matters of greater delicacy and nearer consequence if you do not grant it to me in ungrudging measure," said the president.

The largest thing to do is the only thing we can afford to do; a voluntary withdrawal from a position everywhere questioned and misunderstood. We ought to reverse our action without raising the question whether we were right or wrong, and so once more deserve our reputation for generosity and the redemption of every obligation without quibble or hesitation."

President Wilson's address, the shortest he has yet delivered to congress—exactly 420 words—was as follows:

"Gentlemen of the Congress:

"I have come to you upon an errand which can be very briefly performed, but I beg that you will not measure its importance by the number of sentences in which I state it. No communication I have addressed to the congress carried with it greater or more far-reaching implications to the interests of the country, and I come now to speak upon a matter with regard to which I am charged in a peculiar degree, by the constitution itself with personal responsibility.

"I have come to ask you for the repeal of that provision of the Panama canal act of August 24, 1912, which exempts vessels engaged in the coastwise trade of the United States from payment of tolls, and to urge upon you the justice, the wisdom and the large policy of such a repeal with the utmost earnestness of which I am capable.

"In my own judgment, very fully considered and maturely formed, that exemption constitutes a mistaken economic policy from every point of view and is moreover in plain contravention of the treaty with Great Britain concerning the canal concluded on November 18, 1901. But I have come to state to you a fact and a situation. Whatever may be our own differences of opinion concerning this much-debated measure, its meaning is not debated outside the United States. Everywhere else the language of the treaty is given but one interpretation, and that interpretation precludes the exemption I am asking you to repeal. We consented to the treaty; its language we accepted, if we did not originate it; and we are too big, too powerful, too self-respecting a nation to interpret with too strained or refined a reading the words of our own promises just because we have power enough to give us leave to read them as we please. The large thing to do is the only thing we can afford to do, a voluntary withdrawal from a position everywhere questioned and misunderstood. We ought to reverse our action without raising the question whether we were right or wrong, and so once more deserve

### THE ABYSMAL BRUTE STARTS ON FRIDAY

JACK LONDON'S FAMOUS NOVEL N WILL APPEAR DAILY IN THE TELEGRAPH.

### ANOTHER BY M'CUTCHEON

"The Abysmal Brute" Will Be Followed by George Barr McCutcheon's "The Hollow of Her Hand."

Tomorrow night on page six will be found the opening chapters of one of Jack London's latest novels, "The Abysmal Brute." If you read Jack London, which you do if you keep up on modern fiction, you know his style and it suffices for us to say that this is one of his best. It is a story of the prize ring. A story of action, red blood, clever wits and love, and a story that will keep you tingling with excitement until you have read the last word. Read the opening chapters on page six on Friday night and you will see to it that you do not miss a single installment. The story will appear every evening until it is finished. It is not a long story. It will be followed by another serial that we are proud to say we have secured, "The Hollow of Her Hand," by George Barr McCutcheon. The Telegraph's serial stories are the talk of Lee county and people realize that in this paper is to be found the very best of the sort of entertaining that the public demands. The recent increases in the Telegraph's circulation testify to the public approval of what we are giving it. We have contracted for many months ahead in order that we might secure for the Telegraph readers the best and latest stories and other features that are to be purchased. Some of these are not yet out in serial form. You will be delighted when you read the announcements. Watch for them. Our list of the "Seven Star Serials" is not half finished, and it will be supplemented from time to time with whatever is available that comes up to the standard the Telegraph has set.

### GARDNER THOMPSON IS VETERAN MEMBER

AND WYOMING TOWNSHIP MEMBER LOOKS LIKE A WYOMING STATE CELEBRITY, "BUFFALO BILL" CODY.

Gardner W. Thompson of Wyoming township enjoys the distinction of being both the oldest and youngest member of the Lee county board of supervisors, for he is now serving at the age of 73 as a representative from that township at his first meeting since his appointment to fill the unexpired term of Arthur S. Wells, who resigned after the December meeting.

However, serving as a supervisor is not a new experience to Mr. Thompson, for he was a member of the board long before any of the present members conceived the "bug" to become candidates. The venerable gentleman was elected a member from Lee 25 years ago, serving continuously for 15 years, or until his removal to Wyoming township.

### CUT HAND WHILE BUTCHERING

Thomas Geiger of Nelson township cut himself severely yesterday afternoon while butchering, the wound inflicted requiring the services of a surgeon. In some manner Mr. Geiger cut a deep gash in the fleshy part of his right hand near the base of the thumb, several stitches being necessary to close the wound.

our reputation for generosity and the redemption of every obligation without quibble or hesitation.

"I ask this of you in support of the foreign policy of the administration. I shall not know how to deal with other matters of even greater delicacy and nearer consequence if you do not grant it to me in ungrudging measure."

### SCHEDULE OF CENTRAL EXAMINATION OUT

COUNTY SUPERINTENDENT MILLER WILL CONDUCT FIFTEEN EXAMINATIONS.

County Superintendent L. W. Miller has issued the schedule for the central examinations for prospective graduates from the rural schools of Lee county, fifteen examinations having been listed. Mr. Miller expects to have personal charge of each of these, but requires the attendance of teachers who have pupils who will take the tests. The following are the dates and locations of the examinations:

Wednesday, March 11—Nelson. Thursday, March 12—Gap Grove. Friday, March 13—Amboy. Monday, March 16—Nachusa. Tuesday, March 17—Franklin Grove. Wednesday, March 18—Sublette. Thursday, March 19—Weishaar school, Dist. 89. Friday, March 20—Lee Center. Saturday, March 21—Amboy. Tuesday, March 24—Steward. Wednesday, March 25—Lee. Thursday, March 26—Pawpaw. Friday, March 27—Compton. Monday, March 30—Harmon. Wednesday, April 1—Keigwin school, Dist. 212.

**Teachers' Examination**  
The regular teachers' examinations will be held at the county superintendent's office Friday and Saturday of this week.

### BARNARD'S LADY ORCHESTRA COMING

WILL GIVE ENTERTAINMENT AT ELKS' CLUB ON NEXT WEDNESDAY.

Another of the entertainments of the Elks' course will be given at the club rooms next Wednesday evening when the Barnard orchestra will present a concert for members of the lodge and their families. Miss Barnard, leader of the organization, will be remembered as director of the Anitas lady orchestra which appeared here under the auspices of the B. P. O. E. last year, when she made a most favorable impression. She has surrounded herself with an able company, including a reader, and the press speaks most highly of their entertainment.

### IS NO BETTER.

Word received from Mrs. W. B. McMahon, who is now with her mother, Mrs. James H. Thompson at Fayetteville, Ark., is to the effect that Mrs. Thompson is no better.

### L. B. NEIGHBOUR IS ELECTED ROAD BOSS

WELL KNOWN SURVEYOR APPOINTED TO PROMINENT POSITION TODAY.

### TO RESIGN AS SURVEYOR

Prof. Neighbor Accepts Appointment—Wells Got Six Votes on First Ballot.

Prof. L. B. Neighbour, county surveyor and well and favorably known in this county for many years, was this morning elected to the position of county superintendent of highways by the board of supervisors. He immediately accepted the position, which is all that is required to qualify him for the office, as he has already passed the examination. Mr. Neighbour announced that he would resign his office as county surveyor as soon as elected to the position just given him.

The vote was by ballot, and the county gave L. B. Neighbour 15 votes and Arthur S. Wells 6 votes. It is not understood that Mr. Wells was a candidate, the impression being that it would be legally impossible for him to hold the office. On the motion of Mr. Welty and the second of Mr. Edwards, the board voted unanimously to appoint Mr. Neighbour as county highway superintendent, as he had received the majority of votes.

Mr. Neighbour was called upon to explain certain phases of the law not well defined, and he made an interesting talk to the board, telling of the sort of roads the state recommended to be built, and of the ways in which the work will be done. Mr. Neighbour intends to go into the road building business with his heart and soul, and we believe he will give Lee county some fine roads.

### WIDOW OF WAR SHERIFF IS DEAD

MRS. LIDA TREADWELL PASSED AWAY AT COUNTY HOME TODAY.

Mrs. Lida Treadwell, wife of Lee county's war-time sheriff, passed away at 3 o'clock this morning, at the Lee county home, death being the result of old age and cancer. The remains of the aged lady, who has witnessed much of the county's advancement, will be laid to rest in Prairie repose cemetery, Amboy, tomorrow afternoon.

Mrs. Treadwell was born July 2, 1827, and has been cared for at the home since April 6, 1911, her former home being in Amboy. She is survived by two sons, supposed to be in the west, from whom, it is reported by officials at the home, she has not heard for a number of years past.

### RACE WAR SAID TO BE ON IN BRAZIL

RIO JANEIRO SAID TO BE IN A STATE OF SIEGE — NEGROES TROUBLESOME IN VARIOUS STATES.

(By the Associated Press)

Buenos Ayres, Mch. 5.—A state of siege is proclaimed at Rio Janeiro today, according to dispatches which are strictly censored. It is reported that there is fighting between the government authorities and local forces, due to racial differences in the states of Pernambuco, Para and Ceara. The combined population of these territories is two and a half million people. Business is suspended in various states, chiefly where the negroes are numerous.

London dispatches from Rio Janeiro confirm the report that there is a state of siege there. Martial law has been proclaimed at Niteroy, five miles east of the capital and at Petropolis, the capital of the state of Rio Janeiro.

### C. W. POST IN RACE WITH DEATH

(By the Associated Press)

Las Vegas, Nev., Mch. 5.—The special train bearing C. W. Post, the famous food manufacturer who is ill, and is racing him to Rochester, Minn., where he is to be operated upon by the Mayo Brothers in case he lives to reach them, went through here at a terrific rate. The train is averaging 79 miles an hour and has kept that gait since it left Los Angeles.

### F. H. GEHANT TELLS VIEWS OF PROBLEM

WEST BROOKLYN BANKER IS INVITED TO ADDRESS BOARD OF SUPERVISORS.

### FIX UP OLD CHICAGO ROAD

Prominent Brooklyn Resident Declares Such Action Would Do Great Good for Greatest Number.

Hon. Henry F. Gehant, banker at West Brooklyn and editor of the West Brooklyn News, visited the board of supervisors this morning while the body was in session, and was invited to address a few remarks to his former colleagues, for Mr. Gehant was formerly a highly valued member of the board. The West Brooklyn banker chose for his subject, "Hard Roads," and he made a very eloquent and able plea for the building of hard, permanent highways, leading from the various parts of the county to Dixon, the county seat. Especially was Mr. Gehant anxious to see a county road built along the route of the old Chicago road, a part of which is now passable macadam, but another part of which is, as Mr. Gehant expresses it, "a trail of mud," a good portion of the year.

This road, as Mr. Gehant explained, runs southeast and northwest through the county, reaching from Dixon, clear through the middle of that part of the county which lies east and south, and which is so inaccessible at present. Mr. Gehant declared that a state aid road, built to stay and routed over this old Chicago road, would "do the greatest good to the greatest number," and he asked the supervisors to carefully consider the matter before they start rebuilding somewhere else. Mr. Gehant's remarks were met with a great deal of enthusiasm.

Mr. Gehant is a very influential and popular resident of this county, and his words will have weight.

### MOVIES TO HELP Y. M. C. A. LECTURES

SERIES OF EDUCATIONAL TALKS ARRANGED BY SECRETARY E. T. BAILEY.

A series of educational lectures illustrated by moving pictures, is being arranged by Sec. Bailey of the Y. M. C. A., which will undoubtedly attract a great deal of attention here. The lectures, which are produced by the Bureau of Commercial Economics of Philadelphia, deal with the various industries of the country and the pictures show every step taken in the various commercial activities of the country. Detailed information will be given later.

**Travel Talks.**  
Another interesting lecture has been arranged for by the association which has secured Bruce Leffingwell for a Travel Talk on May 5. Mr. Leffingwell will lecture on either the Yellowstone National Park or the Great Northwest, and his lecture will be accompanied by moving pictures.

### U. S. WAITS AND WATCHES MEXICO

CARRANZA'S COMMISSION TO START THE BAUCH AND BENTON INVESTIGATION TODAY.

(By the Associated Press)

Washington, Mch. 5.—The United States is today awaiting the outcome of the investigation that has been instituted by General Carranza rebel leader into the execution of W. S. Benton, the Englishman whom Villa says he shot.

An investigation as to the fate of Gustav Bauch, the American who mysteriously disappeared, is also being made. Carranza's Mexican investigation commission is expected to begin work today in Jaurez.

### TELEGRAPH IS MADE THE OFFICIAL PAPER

BOARD OF SUPERVISORS UNANIMOUSLY SELECTS THIS PAPER TO PUBLISH REPORTS.

### EXCLUSIVE IN THIS PAPER

Recognizes That Telegraph Circulation Exceeds All Others—This Paper is Again Made Official Organ.

The Telegraph has again been recognized as the biggest and best medium for disseminating news and advertising in Lee county, and by an official board.

This afternoon the Lee county board of supervisors voted unanimously to select the Dixon Evening Telegraph as the official newspaper for Lee county, in which the reports of the proceedings of the board of supervisors will appear exclusively.

The contract was awarded at a competitive examination, where the price and circulation were considered.

The price bid by the Telegraph was no lower than that bid by any other competitor, but the supervisors, recognizing that the Telegraph has a larger circulation than any other paper in the county, gave the contract to this paper. The circulation of the Daily Telegraph alone is larger than any other paper in the county and when the circulation of the weekly papers published by this concern is added, a circulation of over forty-six hundred results. Of course no other concern can come within fifteen hundred or more of this mark.

### THE JUNIOR WILL APPEAR FRIDAY EVE

N. D. H. S. STUDENTS TO PRESENT COMEDY AT DIXON OPERA HOUSE.

Everything is in readiness for the production of "The Junior," by the seniors of the North Dixon high school at the opera house tomorrow night and the advance sale indicates that the play house will be crowded by friends of the young people. The comedy which is to be presented is beyond doubt one of the most comical of any ever produced, and the young people were certainly happy in their selection of a play.

"The Junior" illustrates how comedians are kept out of some of the institutions and it keeps something doing all the time. During the play the Glee club, under the able direction of Mrs. Phelps, will entertain with music. The cast of characters is:

Edward Moore, the Junior .....  
..... Burton Woodworth  
Jimmy Monroe, another junior .....  
..... Wilbur Bates  
Thin Smith, another junior .....  
..... James Schrock  
Demosthenes Merwyn .....  
..... Sherwood Dixon  
Silk Ricketts ..... Edward Kurtzrock  
Willy Rockwell ..... Hugh Duffy  
Thomas J. Highfield, captain of finance ..... Carl Kling  
President Fowler of Lakefield U. ....

**At Harry Long's.**  
Mr. and Mrs. Harry Long entertained at their home last evening. Messrs. and Mesdames Thomas Geiger, J. B. Williams, J. W. Duffy, E. E. Holdridge and John Hartzell. The evening was a pleasant one for all.

**With Mrs. Wurth**  
Members of the Social Circle of the Prairieville church yesterday enjoyed a very pleasant gathering at the home of Mrs. John Wurth, where they spent the entire day, sewing carpet rags. At noon a delicious scramble dinner was enjoyed. A large amount of work was accomplished.

**Everybody Invited.**  
A cordial invitation is extended to every dancer in the city to attend the first of the weekly parties to be given at the new armory this evening by Everybody's club, and spectators also are assured a hearty welcome by the committee in charge. The hall has been thoroughly cleaned for tonight's event, several easy rockers have been added to the seating equipment and, in fact, everything possible has been done to make those who attend happy. The music for the dancing will be furnished by the Marquette orchestra of six pieces.

**Rebekahs Entertain.**  
The Penny Carnival, given by the Ladies of Minnie Belle Rebekah Lodge last evening, I. O. O. F. proved a great success, being attended by a large number of members and friends.

The attractions all proved very entertaining and were well patronized. A large sum of money was realized from the affair.

It is hoped the attendance this evening will be as good as that of last.

At several of the different booths toothsome edibles, such as individual pies, cake, etc., were served for a penny.

A program was also given. If you are looking for an evening of pleasure at a most reasonable price, go to the Penny Carnival this evening and join in the fun.

**Spelling School**  
An old fashioned spelling school will be held at Nachusa, Friday evening, March 6th. The following is a list of the words that will be used:—

Indelible, inoculate, prophesy, nickel, nausea, necessary, ratio, necessarily, raiment, receive, recipe, rhinoceros, reservoir, rhubarb.

**Friendship Lodge.**  
There will be a regular meeting of Friendship lodge, No. 7, A. F. & A. M., this evening. There will be business to attend to.

**Busy Bees.**  
The Jolly Busy Bees and friends were in good humor yesterday afternoon and were unusually busy. The hive seemed to be in the neighborhood of the Lewis Leydig home on West Fourth street and the honey gathered by the workers, came prepared in white parcels tied in dainty blue and pink ribbons and the exclamations gave evidence that the contents were the best variety of white clover honey. The bee bread was delicious ice cream and cake and was much enjoyed. It is needless to say there were no drones yesterday. After partaking of the bee bread the bees flew homeward each with a "stinging" sensation of extreme satisfaction.

**Meets Saturday.**  
Mrs. L. W. Newcomer's Sunday school class will hold a regular meeting and social Saturday at 2:30 at her home.

**17th Anniversary.**  
Dorothy Chapter No. 371, O. E. S. will celebrate its 17th anniversary at Masonic hall Friday afternoon and evening. Mrs. May Bromley Milroy, W. G. Counsellor for the state department at Washington tenders resignation to President Wilson.

## BUSY YEAR FOR WILSON

Administration Takes Stock of Its Achievements.

Some of the Things Accomplished Since Induction into Office of Present Administrators.

Washington, March 5.—The Wilson administration is just one year old and it took stock of its achievements and discovered that it had had a busy time. Since Woodrow Wilson stood up in front of the capitol and swore to uphold the Constitution of the United States, he and his party have accomplished the following:

Revised the tariff downward, putting most of the necessities of life on the free list.

Created an income tax system which it is estimated will raise \$100,000,000 a year.

Enacted a banking and currency law, establishing a system of federal reserve banks under governmental domination.

Passed through both houses of congress the bill appropriating \$35,000,000 for a government railroad in Alaska.

Extending the parcel post system increasing the weight limit and lower rates.

Broadened the self-government privilege in the Philippines.

Restored competition in bidding on naval contracts, and proposed a government armor plate factory.

Announced a determination to repeal the free Panama canal tolls law.

Ratified general arbitration treaties with many nations and concluded peace treaties with 14 countries.

Passed through 365 days of troubled relations with Mexico without armed intervention. Conducted lengthy hearings and mapped out a program on trust and conservation legislation.

Refused to consider legal exclusion of Asiatics.

## BRYAN TO PAY CHILE VISIT

Secretary Accepts Invitation to Attend Conference in September.

Washington, March 5.—Secretary of State Bryan has accepted an invitation extended by the government of Chile to visit that country during the fifth pan-American congress, which will be held at Santiago about the middle of next September. The invitation was extended to Secretary Bryan by Senator Eduardo Suarez, minister of Chile. After consulting President Wilson, Mr. Bryan accepted it. If Secretary Bryan carries out his present plans he probably will leave the United States about the middle of August, proceeding down the west coast by the way of Peru and Bolivia to Chile and returning by the east coast to visit Argentina, Uruguay, Paraguay and Brazil.

## DIPLOMAT'S FATHER DIES

James O'Shaughnessy Succumbs to Pneumonia.

New York, March 5.—Col. James O'Shaughnessy, father of Nelson O'Shaughnessy, charge d'affaires for the United States in Mexico City, died here. He had been ill for several days, having suffered a relapse from an attack of pneumonia. He was seventy-one years old. When notified of his father's illness his son made plans to come to New York, but the tense Mexican situation intervened and he was forced to remain in Mexico City.

### A COUNTRY HOME IS NEEDED.

The supervisors, who are in session in Dixon, are discussing the County Home problem. They are all of the opinion that present conditions cannot go on as they have been, if Lee county is to keep abreast of the times. Lee county's home for the poor is a downright disgrace to this big and wealthy county.

It is true that the keepers of the home are doing everything in their power to make the farm a success, and considering what they have to work with, they have done remarkably well, but the fact remains that the property is anything but a credit to the county.

The land itself would make a good farm for a private farmer, for it is well tiled and has been well cultivated, but for the purpose which it must serve the county, it is pitifully inefficient. What we need is a large farm of the best land in the county, for a farm that will make money for the average farmer may not come near to answering the needs of a public institution that must support scores of people.

The buildings on the farm are a menace to the lives of the inmates, and if the supervisors do not take action soon, they may be directly responsible for a great disaster, for a fire on the place would amount to that. The Telegraph would like to see this county purchase a large farm in a good locality, accessible to Dixon, the county seat and the city from which most of the business with the farm must be done; brick or stone buildings that would grace the property erected upon it and a farm that all Lee county would be justly proud of, instituted. Now is the time to do it. It would be much the saner plan to make the change now, before something happens that will cause great loss and bring upon the heads of the county government the responsibility for the trouble which delay may bring.

There is a strong movement on foot to have the location of the Lee County Home for the poor changed to a point near Dixon, on a main road that makes it accessible from all points. If the present board of supervisors will take it upon themselves to bring this to pass, they will have an achievement to their credit that will be an ever-living monument to their foresight and enterprise. Dixon as a location is the best that can be found, for it can offer, not only the advantages of the seat of county government, and the business and population center of the county, but the right kind of land, sanitation, drainage, the best of railroad connections to all parts of the county, etc. It is the logical location for the new County Home, which will soon be a reality, as it now the fond dream of every public-spirited citizen of the county.

The present county property is a disreputable affair. Its long but scarcely brilliant career as one of the most important pieces of public property should be cut short without much ado.

### AS SILENT AS THE TOMB.

Still another council meeting has arrived and gone beyond on the ever-fleeting wings of time, and behold, the garbage question is still with us. The garbage question, we will agree, is anything but a savory dish to have served up continually, but it is like the Thanksgiving turkey—there is only one way of getting rid of it, and we might as well keep at it until it is finished, and the quicker we do it the quicker we can forget it.

We hardly like to think that the garbage question is always to confront us, although to some less hopeful than ourselves, the proposition seems doubtful. And the garbage pile grows by leaps and bounds. They say it's going to be a warm summer, and believe our story, there will be little breeze in Dixon if we allow the mountains and ridges and ranges of table refuse to wall us in as they seem bent on doing, and what breeze we get will not be laden with sweet-scented perfumes; not by a large majority.

What a banquet we are preparing for the happy little house flies. How they will gorge themselves and raise their kids, and how likewise will their kids and their kids' kids emulate their forebears. With the hearty co-operation of a strong force of typhoid germs, the doctors and the undertakers should have many days of toil and sleepless nights in Dixon this summer.

Of course it may not be as bad as that, but why in the name of common sense should we run the risk? There is strong possibility that the mere disgrace of a city this size having no garbage removal system will not be the only result of the supreme indifference the city commissioners are displaying.

The funeral of Cassius M. Fairman, who was a cousin of Mrs. H. H. Heinze of this city, was held yesterday in Oak Park, the remains being taken to Milford, his former home, for burial. The DuPage county authorities have discontinued their investigation into the death of the wealthy young broker, whose remains were found on the Northwest-

ern track near Wheaton last Saturday morning, the coroner's jury returning a verdict that death was accidental.

## Plain Speech

By WALT MASON

Old Ebenezer Jimpson Jinks takes pride in saying what he thinks. "I do not mince my words," says he, "but speak my mind out bold and free; and if I do not like a gent, I make it plainly evident; I air my views to beat the band, and people know just where I stand." He takes a foolish pride, methinks, does Ebenezer Jimpson Jinks, in being rude and rough of speech, but few regard him as a peach. He keeps his neighbors hot and sore, and they denounce him as a bore. "We'll pay the freight," they often say, "if he would only move away!" And people dodge him on the street; they hate to hear old Jinks repeat "his honest views" on this and that, which views are spoken through his hat. When he steps up to join a crowd, you'd think a cold and clammy shroud had fallen on that bunch of men, who all disperse to meet again when there's no Jinks to give the blues expounding "his straightforward views." If you would have a gist of friends you'll bear in mind that friendship ends and cordial feeling slinks behind, when you begin to "speak your mind."

TANNENBAUM AND 200 FOLLOWERS ARRESTED—CHARGE OF INCITING RIOT.

(Associated Press)

New York, Mch. 5.—Frank Tannenbaum, a leader of the unemployed, was arraigned today on a charge of inciting riot. His examination was postponed until tomorrow. On motion of the district attorney his bond was increased to \$75,000 and he was taken to jail. Two hundred of his followers who were arrested with him last night are in the Tombs awaiting trial on charge of disorderly conduct, each on a \$1,000 bond.

## UNLUCKY DAY FOR THE GALENA BRANCH

SERIES OF MISHAPS DELAY ALL TRAINS—CAR OF EXPRESS IS BURNED.

### DERAILMENT IN DIXON YARDS

Sterling Passenger's Arrival Was Delayed Last Night by Derailment—Wreck Occurred on Cut-Off.

A series of mishaps occurred on the Galena division of the Northwest ern which seriously delayed passenger traffic during the night and a number of through trains suffered loss of time because of the accidents. The most serious delay was caused by the burning of a carload of express at West Chicago shortly before midnight. The car was a part of American Express No. 23, the through New York-San Francisco express train, and it caught fire while the train was speeding between Wheaton and West Chicago.

The burning car was hauled to West Chicago where efforts to save it were made, but the trial was futile, for the car and its contents, all of which was through express, were destroyed. The accident, however, delayed No. 23 almost two hours and No. 7, the Los Angeles Limited, and No. 3, the China and Japan Mail, were one hour and a half and thirty minutes late respectively.

### In Dixon Yards.

The Sterling passenger, westbound was nearly an hour late in reaching Dixon because of the derailment of three loaded cars of an eastbound freight at the east end of the Dixon yards. The cars were derailed in such a manner as to prevent traffic on either track and the passenger train was held at Nachusa nearly an hour.

Another wreck occurred on the cut-off between Nelson and Nachusa, several cars being derailed near the Pump Factory road crossing.

It will soon be a reality, as it is

## BUCKALOO OFFERS GOOD RESOLUTION

NELSON SUPERVISOR HAS RESOLUTION ASKING HELP OF UTILITIES COMMISSION ADOPTED.

Supervisor C. C. Buckaloo of Nelson township, at the meeting of the board of supervisors yesterday afternoon, offering a resolution declaring the crossing of the C. & N. W. R. R. and the Rock Island wagon road west of this place, known as the McRoberts crossing, a dangerous place and a menace to the life of those using this road, and his resolution, which was addressed to the Utilities Commission of Illinois, asked that body to investigate matters here and take steps they believe best to alleviate the danger.

The resolution received the unanimous support of the board and was adopted without a dissenting voice. The move is a good one and should have support of the state commission. Many lives have been lost at this crossing.

## SELECTS FIRST ROAD TO GET STATE AID

TWO OR THREE MILES OF PERMANENT ROAD WILL BE BUILT ON CHICAGO ROAD.

The board of supervisors this afternoon adopted a resolution, after a bitter fight, to use the first state aid money for the improvement of a piece of the Chicago road beginning at what is known as Shippert's corners, six miles out of Dixon, and extending in a southwesterly direction for two or three miles, depending upon how far the road can be built with the money at hand.

The resolution was adopted by a vote of 13 to 10. The road will be built of concrete or brick and, with the improvements that Dixon city and South Dixon township intend to put in this summer, will furnish a good, passable road from Dixon clear through the county to about three miles this side of West Brooklyn. The greatest portion of the county is tributary to his road.

## Dramatic Roles

### FAMILY THEATRE

For the last portion of the week, commencing this evening, a vaudeville program par excellence will be presented at the cozy Family theatre one that is easy to see but easy to remember, and strictly in line with the refined grade of high class talent always seen at this playhouse. Through special effort on the part of the management, Bob Finley, one of vaudeville's favorite comedians, who is the very last word in class, has been secured for this engagement, which will be his first appearance in this part of the country as he is now enroute for a tour of the big vaudeville houses of the Pacific coast. Mr. Finley is assisted in a novel arrangement of the latest dances and popular songs, interspersed with comedy patter, by the Misses Yates, who grace any program with their splendid appearance, dainty mannerisms, graceful dancing and beautiful costumes. Their efforts combined with those of Mr. Finley, make a most desirable acquisition to high class vaudeville. Also on this program will appear LeVere & Palmer in their splendid offering entitled "A Duo in Contrast," which is warmly received on every program on which this very clever couple have appeared.

The Kathryn pictures will be presented this evening.

Before the Last Leaves Fall; the Redemption of Broncho Billy, featuring George Andrew Carnegie's Gift to the World.

### MATINEE AT FAMILY.

St. Patrick's Parish will give a matinee at the Family theatre on St.

Patrick's day, March 17th. The program will consist of Irish folk songs and moving pictures of scenes in Ireland. In the evening a dance will be held in Rosbrook hall.

### PRINCESS THEATRE

On Friday night the Princess will show a two reel feature entitled "Conscience," a story of two burglars, one who is forced to leave town disguised as a minister and goes west. He finds it the best policy to live up to his garb and the miners trust him and give their gold into his keeping until shipment. He sends for his old pal to come and make a haul, and meanwhile falls in love with Mary Grey. He becomes conscience stricken and when his pal comes he refuses to commit the robbery. In the remainder of the story we see how he wins the love of the beautiful girl.

### OPERA HOUSE.

The jolliest railway trip on record is that from Chicago to Rena as set forth in Excuse Me, at the opera house tonight. 2,000 miles of laughter are squeezed into two and three-quarters hours of Rupert Hughes' play. Comic incidents, witty lines, droll mixups and all the rest that go to make up a sparkling farce are in the play.

### OPERA STARS CONTRACT ILLNESS

(By The Associated Press)  
New York, Mich. 5—Mme. Melba, Emma Destin, Mme. Matzenauer, all grand opera prima donnas, have cancelled their engagements because of illness. Melba is prostrated with laryngitis at Springfield, Miss.; Mary Garden, who is similarly affected, hoped to rejoin her company by the end of the week.

Frank Hogan was here from Polo yesterday.

## PUPILS' TEETH IN NEED OF ATTENTION

MISS MCLEARY, THE VISITING NURSE, CONTINUES HELPFUL INVESTIGATIONS.

That the teeth of the pupils of the Dixon schools are in need of attention was the report submitted to the board of education of the south side schools last evening by Miss Neva McCleary, visiting nurse of the schools, whose report covered all the grades. The pupils of the seventh grade have the best teeth, according to the report, while in every grade there is evidence of a lack of proper care of the molars.

That Miss McCleary's work is to result most beneficially to the children whose parents take heed of the information she imparts to them has been evidenced for following her report last month that many of the pupils were suffering from enlarged tonsils or adenoids, a number of the parents announced their intention of having the troubles remedied during the coming summer vacation.

### CHAS WELTY BACK AGAIN.

Supervisor Charles Welty, veteran representative of Marion township, arrived home last night from Los Angeles, where he has been wintering, and gave the board members a pleasant surprise when he appeared in the meeting this morning. On motion of Supervisor "Billy" Edwards of Amboy, the board adjourned to "shake hands with Mr. Welty." Mr. Welty received the ovation gracefully and then got down to work.

Henry Gehanf and Geo. Schnuckler of West Brooklyn were in Dixon today.

Alfred B. Collette

The Study of Atmospheric Phenomena and Its Effect on Weather Conditions.

(Continued from last issue)

### THE BAROMETER (Continued)

While Torricelli is credited with the invention of the barometer there is a legend which has some foundation. In the middle centuries lived an Italian cobbler who had some kind of contrivance made of glass which extended from his cellar through the roof of his cottage. In this contrivance, so the legend runs, was a manikin which preceded fair weather appeared above the roof, and disappeared below it preceding wet weather. These coincidences naturally aroused the superstitions of the cobbler's neighbors who reported the strange antics of his manikin to the village authorities. He was immediately arrested, tried, declared a sorcerer and promptly executed. It is quite superfluous to state that his contrivance, which undoubtedly was a liquid barometer with the additional feature of the manikin, was destroyed. So that after all Torricelli may have had precursor in his cobbler compatriot.

This explanation of the construction of the barometer is that of Torricelli's experiment and not of the practical instrument of today.

While in principle it has not changed several minor improvements have been added from time to time which have rendered it a practical instrument. Until very recently there existed a fragility peculiar to barometers which rendered them impossible to transport other than being carried by hand. To ship them by common carrier was certain destruction of the instruments. This peculiarity was no small factor in contributing to the rarity of these instruments. This fragility was due to the fact that owing to the vacuum there is absolutely nothing to protect the fragile glass tube from the sharp impact of the mercurial column against the end of the tube when the instrument with any suddenness was inclined from the perpendicular this impact invariably shattered the glass and destroyed the barometer. However, by a simple contrivance in the cup which eliminates the vacuum by filling it with mercury by forcing it up from the cup, this instrument is easily transported without danger of breakage. Upon reaching its destination by the means of a key the instrument is brought to its normal condition. Another feature that is peculiar to the barometer only is that it must have certain length of tube above the level of the mercury in the cup which for this altitude must be not less than 30 1/2 inches. The reason for this is that extremely high atmospheric pressures will sustain the mercurial column to that height. In Denver, Colorado, where the altitude is a mile above sea level a tube of 25 1/2 inches in length is sufficient to

measure the extreme pressures there.

### Weather Forecasting.

Contrary to general opinion scientific weather forecasting is neither a gift nor a guess, but the study of well defined laws by which Nature governs weather. It is the old, old law of cause and effect. The knowledge of these laws which govern weather and the use of the necessary instruments to determine existing conditions enables any one of ordinary intelligence to anticipate the effect.

Shortly after Torricelli's invention of the barometer there appeared to be some relation between the fluctuating height of the mercurial column and the changes in weather that followed. It was observed that preceding wet weather the mercurial column shortened and that it lengthened preceding fair weather. These coincidences which were observed by the leading scientists of the time and were a source of much study bringing forth the theory of storms. It was observed that the variation of atmospheric pressure as indicated by the barometer moved over the face of the globe in the form of immense waves, and that fair weather prevailed in those areas where the pressure was high and foul weather where the pressure was low. The barometer then came into use in making forecasts.

The atmosphere is as much a part of the earth as the ocean while it may not seem so. The ocean is the earth's liquid envelope which we are well aware, of course, that it does not entirely envelope it, and the atmosphere is its gaseous envelope which does entirely envelope it. The liquid envelope is affected to some extent by the rotation of the earth on its axis, this movement of the ocean currents prove. The gaseous envelope, however, while moving with the earth is affected to a much greater extent as is proven by the circulation of the air currents. At the Equator the earth rotates at a speed of 17 miles a minute; in our latitude at approximately 10 miles. The great speed at the Equator has the effect of causing the heated air which rises from those regions to form whirls in the atmosphere. Those to the north whirling from left to right or contrary to the movement of the hands of the clock, and those to the south whirl from right to left or clockwise. The friction the earth and the atmosphere is what causes these whirls and to which are directly due our changes in weather. The whirls striking us move in a northeasterly general direction, modified to a considerable extent, however, by topographical conditions. The whirls in the southern hemisphere move in a southeasterly direction and are also modified by topographical conditions.

### GIRL BILLY RUGH SAVED BACK

Returns to Home After Elopement Without Her Husband.

Gary, Ind., March 5.—Ethel Smith, the girl for whom Billy Rugh, the crippled newsboy, gave up his life and who two months ago caused such a sensation in Gary when she eloped and was married to Leon M. Kline, a cigar clerk, has come back to her parents' home. Since her elopement no word had been received of the couple until Mrs. Kline returned. The young wife said her husband is still in New Orleans. She denied any estrangement, but said she would make her future home with her parents.

### Wire Manufacturer Bankrupt.

Boston, March 5.—John H. Parker, a wire manufacturer, doing business under the firm name of C. S. Knowles of Chelsea, New Bedford and Youngstown, O., filed a voluntary petition in bankruptcy, with liabilities of \$478,000 and assets of \$450,000.

### PREPARE FOR COLD WEATHER

Bees Must Be Given Proper Protection—Hive House Should Be Made Snug and Then Whitewashed.

Where are the bees going to winter? In the cellar or out-of-doors exposed to the storm? If in the cellar, a place should be prepared for them now, so that when cold weather sets in for good the hives can be quickly placed in position.

Once more: Never set the hives flat on the floor of the cellar—as some people do. Bees must have fresh air, and be kept free from dampness.

Every stormy day in which the hives are allowed to wander about without shelter, adds to the discrepancy in the egg basket.

Of course we can wait until stormy weather sets in before making the chickenhouse snug and comfortable, but it will cost us something, in the loss of eggs, to do it.

After it has been made all comfortable for the winter, take the time to give it another whirl of spraying with whitewash into which two teaspoonfuls of carbolic acid to the pailful have been dropped.

If we will put the drag on the road after late rains, right up until the ground freezes, we will have very much better roads when the frost comes out of the ground next spring.

It takes some courage to weed out the poultry flock down to the very essence of good quality, but this is the month to do it. Why feed any old scraps during the long winter months? Stuff them two weeks, and send them to market.

Many people do not know that the tops of turnips, sugar beets and carrots can be cut off without impairing their keeping qualities. This should be done before they are put into winter quarters.

Maybe it is too late to gather road dust for the fowls. If you have neglected to do this, you can give them sifted coal-ashes, which is the next best thing.

A few dollars invested in storm-doors on the house will not only save fuel, but will prevent sudden blasts of cold air from reaching the occupants—a thing which is always attended by some danger.

If you will put storm-windows over the regular windows, be sure to provide openings in both for proper ventilation. It is a fearful thing to sleep in an air-tight room.

### BUILD SUITABLE HOG HOUSES

Building May Be Cheap and Simple in Construction, but Should Be Convenient—Easily Arranged.

When hogs are handled in large numbers, or where twenty or more brood sows are kept, a hog house large enough to accommodate the majority of the stock is often found. This system has the advantage of enabling the breeder to handle his hogs with less expenditure of labor and time than is possible if they are scattered over a larger area.

When such a house seems desirable, it may be cheap and simple in construction, but should be convenient. It should run east and west, and is most easily arranged with a row of pens on each side of an alley way, which extends the entire length of the building. The walls may be of one-inch material siding, but should fit very close in order to prevent draughts. The roof should be moderately high, to provide sufficient ventilation. Quite a number of windows should be installed in order to provide sufficient sunlight to keep the pens dry and free from disease. The pens should be 7 by 8, or, for large sows, 8 by 10 feet.

There are many things to be said in favor of individual houses. First of all the hogs can be scattered more, thus lessening the chances of disease spreading through the entire herd. Secondly, fields and pastures may be utilized regardless of their location or proximity to other farm buildings. Third, such buildings are quite inexpensive, and the number can be increased as the herd increases in size.

There are many types of these houses. For a single sow, the A type is usually built 6 by 8 by 6 feet high. The rectangular type is built 7 by 8 feet for one sow, or 9 by 12 and divided into two compartments. Those with the higher roof and with provisions for opening either the sides or the roof, have so far proven the most satisfactory.

Improving the Farm Home. That farm homes are often unsanitary, and the scene of illnesses such as should be impossible in "the free, invigorating air of the country" is attributable, in probably the majority of instances, to the use of defective methods in the disposal of the waste and sewage of the house. The noxious cess-pool and the undrained privy—cold, malarious and soil polluting—make such large additions to the rate of mortality as to rob the country, in a measure, of its natural superiority over the town in the statistics of health.

## MOORE RESIGNS AS AID TO BRYAN

Counselor of State Department Asks President to Release Hint.

### DIFFERED WITH HIS CHIEFS

Resignation Expected for Several Weeks—John Lind and Others Are Slated for Post Made Vacant by Expert.

Washington, March 5.—John Bassett Moore resigned as counselor for the state department. His resignation has been accepted by President Wilson. Simultaneously the president nominated W. Phillips of Boston to be third assistant secretary of state.

For the present Mr. Moore will continue his work here for the Carnegie institute and later will resume his connection with Columbia university. No announcement as to a probable successor was made.

### John Lind May Get Post.

John Lind is mentioned as a possible successor to Mr. Moore. The names of Hannis Taylor, minister to Spain under Cleveland, and Henry White, ex-ambassador to France, are also mentioned.

In submitting his resignation, under date of February 2, Mr. Moore wrote President Wilson as follows:

"In resigning the office of counselor for the department of state, it is proper to recall the fact that I indicated at the outset that my tenure was only provisional, my sole motive in accepting the place being to render to your administration such service as might be possible in a period of transition. This design is now fulfilled.

"Ample opportunity having been afforded for the effective organization of the department's force, the duty which I took upon myself has been fully performed.

"Permit me to assure you that I shall always stand ready to serve you, as far as may be practicable, in any capacity in which there may seem to be an opportunity for usefulness."

### President Lauds Moore.

In a statement accepting the resignation, President Wilson says:

"It is with the greatest reluctance and regret that I see the administration deprived of the further services of Mr. John Bassett Moore. His counsel has been very valuable to us, but I cannot say that the resignation was unexpected, because when I, with difficulty, induced Mr. Moore a year ago to accept the post he frankly told me that he felt certain that his other engagements and systematic work which he had pledged himself to do would not permit his giving more than a year at the outside to this office.

"His resignation has been in my hands for a month, to take effect March 4. I have entertained the hope that he might find the other things pressing upon his attention less imperative than he had expected, but in view of what he now tells me I have no right to urge him further to stay.

"I can only say that the administration loses a man with whom I was proud to be associated and who deserves the thanks of the country for the work he has done in the department."

Rumors have been current for some time that friction had developed between Mr. Moore and Secretary of State Bryan.

Mr. Moore tendered his resignation after a brief conference with President Wilson.

His reasons for taking this action were not made public when the resignation was announced. It is believed, however, that he had been greatly dissatisfied with the management of the state department under Secretary of State Bryan and that he has frequently expressed his dissatisfaction to President Wilson.

### Wilson May Make Statement.

When he assumed office, Mr. Moore promised that he would remain until the first year of the administration had been concluded, and now that that time has passed, Mr. Moore, it is said, feels that it is no longer incumbent on him to stay in office. It is expected that President Wilson will make a statement regarding the resignation in a short time.

### MANAGER OF ERIE IS DEAD

J. C. Stuart Succumbs—Was Chairman of Rail Body.

Garden City, L. I., March 5.—J. C. Stuart, vice-president and general manager of the Erie railroad, died at a hotel. He was fifty-three years old. The deceased was chairman of the committee of railroad managers in the negotiations with the engineers and firemen over increased wages.

### Federal Post for Chicagoan.

Washington, March 5.—W. O. Thompson, a Chicago attorney, who has devoted much time to industrial problems, has been engaged by the federal commission on industrial relations as counsel to the commission.

### Mrs. Wilson Suffers Shock.

Washington, March 5.—Mrs. Woodrow Wilson was recovering from the shock of a fall on the White House floor. She sustained no injuries and expects to be up and about in a day or two.

### The Quickest, Simplest Cough Remedy

Easily and Cheaply Made at Home. Saves You \$2.

This plan makes a pint of cough syrup—enough to last a family a long time. You couldn't buy as much or as good cough syrup for \$2.50.

Simple as it is, it gives almost instant relief and usually conquers an ordinary cough in 24 hours. This is partly due to the fact that it is slightly laxative, stimulates the appetite and has an excellent tonic effect. It is pleasant to take—children like it. An excellent remedy, too, for whooping cough, spasmodic croup and bronchitis.

Mix one pint of granulated sugar with 1/2 pint of warm water, and stir for 2 minutes. Put 2 1/2 ounces of Pinex (fifty cents' worth) in a pint bottle, and add the Sugar Syrup. It keeps perfectly. Take a teaspoonful every one, two or three hours.

Pinex is one of the oldest and best known remedial agents for the throat membranes. Pinex is a most valuable concentrated compound of Norway white pine extract, and is rich in quinine and other natural healing elements. Other preparations will not work in this combination.

The prompt results from this mixture have endeared it to thousands of housewives in the United States and Canada which explains why the plan has been imitated often, but never successfully. A guaranty of absolute satisfaction or money promptly refunded, goes with this preparation. Your druggist has Pinex, or will get it for you. If not send to The Pinex Co., Ft. Wayne, Ind.

### PUBLISHER SLAIN BY ENEMY

John M. Zoelhoffner Shot Down in Street of Leroy, Ill.

Bloomington, Ill., March 5.—As a result of ill feeling of several years' duration, Frank Dunkin shot and killed John M. Zoelhoffner, a newspaper publisher, on the streets of Leroy. Only one man, Mark Strange, saw the tragedy. Dunkin gave himself up to the town marshal. Zoelhoffner was sixty years of age and had been engaged in the newspaper business at Leroy for many years. Several years ago Mrs. Dunkin was employed in Zoelhoffner's newspaper office and the feeling between the two men is thought to have started at that time.

### BUILDER OF ROADS FAILS

A. E. Appleyard of Ashland Places His Liabilities at \$2,057,057.

Madison, Wis., March 5.—A. E. Appleyard of Ashland, Wis., filed a voluntary petition in bankruptcy, listing his liabilities at \$2,057,057 and assets at \$12,000. The liabilities consist of indentures of railroad paper in Ohio, where Mr. Appleyard established interurban lines. The personal bankruptcy, it is said, will not affect the water power and street railway interests at Ashland, Bessemer and other places. Referee Baldwin of La Crosse will call a meeting of the creditors soon.

### 46 Pennsylvania R. R. Men Retired.

New York, March 5.—Forty-six employees of the Pennsylvania railroad system, having reached the age of retirement, as prescribed by the company's pension plan, have just been placed on the honor roll of the company and will receive pensions for the rest of their lives.

### Don'ts for the Bachelor Girl.

Don't state too firmly that you never intend to marry. You may change your mind one day, and then people will laugh and say, "Methinks the lady did protest too much," or something equally calculated to make you feel uncomfortable.

Don't say of your engaged friends, "I can't think what he sees in her," or "Men always run after a pretty face and an empty head." Speeches like this will earn you a reputation for jealousy.

## ASSURES INQUIRY ON BAUCH DEATH

Carranza Orders Commission to Investigate Slaying of American.

### BENTON CASE IS ALSO UP

Rebel Leader Calls for Speedy Action After Receiving Report From Villa—Envoys of Diaz Ask Senate to Aid Revolt.

### Nogales, Sonora, Mex., March 5.

General Carranza ordered an investigation of the Bauch case by the commission sent to El Paso to look into the death of W. S. Benton, a British subject. This action was taken after receipt of a report from General Villa regarding the disappearance of Gustav Bauch, an American. All possible haste in reporting on the deaths of Bauch and Benton will be required of the commission. This was announced from General Carranza's headquarters and assurances were given that the commission has instructions to report confidentially to General Carranza the exact results of its findings, regardless of political or personal feeling.

### Begs U. S. to Back Diaz Revolt.

Washington, March 5.—A request that the United States government back a revolution in Mexico in the interest of Gen. Felix Diaz was presented to the senate foreign relations committee by Pedro del Villar and Ceillio Ocon, who were introduced by Senator Fall of New Mexico. The committee members were amazed when the request was made and several told the emissaries of Diaz that their plan was preposterous and the United States would give no assurances whatever to any prospective revolution.

### Scent Change in Policy.

Aside from this the Mexican situation developed the likelihood of a spirited debate in the senate within a few days. It became known that the state department was gathering for Senator Shively, ranking member of the foreign relations committee, facts concerning the number of foreigners, including Americans, killed in Mexico since armed revolution there began. It was said Senator Fall would open the debate and that Mr. Shively would present the official records of conditions in Mexico.

Senator Fall's idea is to force a change in American policy.

The committee intends to get all the information possible so that it may be prepared for any situation that may arise, especially if the administration should change its policy.

### First Naval Fight Occurs.

Nogales, Sonora, March 5.—The first gunboat battle in Mexican warfare ended at Topolobampo. There was half an hour of ineffective firing between the rebel warship Tampico and the federal gunboats Morelos and Guerrero, which withdrew.

### ARREST SOUTH BEND MAN

Charged He Offered Bribe to Stop "Blind Tiger" Cases.

South Bend, Ind., March 5.—Col. Joseph M. Sullivan, prominent Democratic politician, proprietor of the Nickel hotel, former owner of the South Bend Baseball club, and well known on the race tracks of the grand circuit, was arrested by Sheriff Edward Swanson on a charge of bribery. The arrest was made in the city hall just after Sullivan is alleged to have passed \$100 to John Kuspert, recently appointed chief of detectives of the South Bend police department. The bribe is alleged to have been paid by Sullivan with the understanding that the "blind tiger" cases, which are to come up today in the city court and in which he is defendant, would be dismissed. Sullivan was placed in jail.

### SIAMESE TWINS CUT APART

Tissue Holding Babies Together Severed in France.

Paris, March 5.—The delicate operation of separating the "Siamese twins," Madeleine-Suzanne, who had been born united, was performed successfully here. No such operation has taken place in France since Doctor Doyen in 1902 separated the two Hindu children, Radica-Roodica, who died of tuberculosis after the operation. The twins operated on were born November 28, 1913. Madeleine-Suzanne were joined together in the region of the stomach. The operation was considered justified in view of the tragic deaths of former pairs.

### SHARP TO GET RUSS POST

President Said to Favor Congressman for Job.

Washington, March 5.—Governor Cox of Ohio told President Wilson he heartily endorsed Representative William G. Sharp of Ohio for the ambassadorship to Russia. The president has practically made up his mind to name Mr. Sharp.

### Governors Meet in Denver April 7.

Denver, Colo., March 5.—The call for the conference of western governors to be held in Denver April 7 was issued by Gov. E. M. Ammons as secretary of the organization. The call is in the form of a letter to each governor.

## WOMAN COULD HARDLY STAND

Because of Terrible Backache. Relieved by Lydia E. Pinkham's Vegetable Compound.

Philadelphia, Pa.—"I suffered from displacement and inflammation, and had such pains in my sides, and terrible backache so that I could hardly stand. I took six bottles of Lydia E. Pinkham's Vegetable Compound, and now I can do any amount of work, sleep good, eat good, and don't have a bit of trouble. I recommend Lydia E. Pinkham's Vegetable Compound to every suffering woman."—Mrs. HARRY FISHER, 1642 Juniata Street, Philadelphia, Pa.

Another Woman's Case. Providence, R. I.—"I cannot speak too highly of your Vegetable Compound as it has done wonders for me and I would not be without it. I had a displacement, bearing down, and backache, until I could hardly stand and was thoroughly run down when I took Lydia E. Pinkham's Vegetable Compound. It helped me and I am in the best of health at present. I work in a factory all day long besides doing my housework so you can see what it has done for me. I give you permission to publish my name and I speak of your Vegetable Compound to many of my friends."—Mrs. ABRIEL LAWSON, 126 Lippitt St., Providence, R. I.

### Danger Signals to Women

are what one physician called backache, headache, nervousness, and the blues. In many cases they are symptoms of some female derangement or an inflammatory, ulcerative condition, which may be overcome by taking Lydia E. Pinkham's Vegetable Compound. Thousands of American women willingly testify to its virtue.

### The Lady in the Tank.

Just to please his wife the stout man consented to take a peep at Marie Corelli's house before "doing" the historic part of Stratford-on-Avon. He regarded it with evident appreciation. "Pretty nice place," he said. "I knew when I saw her in London that she was making money, but I didn't think her salary was big enough to afford a house like this." "Why, dear," said his timid wife; "you never saw Marie Corelli in London." "I'd like to know why I didn't," he retorted. "Ain't she the lady I saw swimming in a tank at the Tivoli?" In no wise abashed at having confounded Marie Corelli and Annette Kellermann, the stout man moved complacently on to Stratford's other shrines.

### Has Age-Old Mastodon.

President Hadley of Yale, and President Luther of Trinity college, both of whom conveted the 20,000-year-old mastodon now being unearthed at Farmington, Conn., are to be disappointed. Miss Theodore Pope, the heiress, who gave part of her fortune to the Roosevelt cause a year ago, announces that she intends to claim the prehistoric mammal discovered on the land of her father, A. A. Pope, by workmen who were digging for a drain pipe. She will assemble the mastodon in Farmington, because she thinks the town would be aided by those who come to study it.

### About Lavender.

Lavender is an evergreen shrub about two feet high, with grayish green leaves and erect branches, giving it a bushy appearance. It is a native of the mountainous districts which fringe the eastern half of the Mediterranean, but grows at its best in England, where the stalks and flowers frequently bring \$9 or \$10 a pound, and sometimes much more. A pound of flowers yields from one-half to one drachm of oil, and an acre from 10 to 25 pounds of flowers. The annual output of the stills of Grasse, France, is from 80,000 to 100,000 kilograms of oil. Lavender is not grown on any commercial scale in the United States, but it grows in California and in some southern states, and may be raised in almost any home garden if the soil is not too moist and rich. While it may be successfully raised from seed it is best propagated from cuttings.

### RUB SORE, LAME BACK STOP BACKACHE AT ONCE

Rub Backache and Lumbago Right Out With a Small Trial Bottle of OLD St. Jacob's Oil

Back hurt you. Can't straighten up without feeling sudden pains, sharp aches and twinges? Now listen! That's lumbago, sciatica or maybe from a strain, and you'll get blessed relief the moment you rub your back with soothing, penetrating "St. Jacob's Oil." Nothing else takes out soreness, lameness and stiffness so quickly. You simply rub it on and out comes the pain. It is perfectly harmless and doesn't burn or discolor the skin.

Limber up! Don't suffer! Get a small trial bottle from any drug store, and after using it just once, you'll forget that you ever had back ache, lumbago or sciatica, because your back will never hurt, or cause any more misery. It never disappoints and has been recommended for 60 years.

## Are Your Hands Tied?

by a chronic disease common to woman-kind? You feel dull—headache? Backache, pains here and there—dizziness or perhaps hot flashes? There's nothing you can accomplish—nothing you can enjoy! There's no good reason for it—because you can find permanent relief in

### DR. PIERCE'S Favorite Prescription

Mrs. Fannie H. Bront, of Bryant, Nelson Co., Va., writes: "I believe I had every pain and ache a woman could have, my back was weak, and I suffered with nervousness and could not sleep at night. Suffered with soreness in my right hip, and every month would have spells and have to stay in bed. I have taken eight bottles of your 'Favorite Prescription' and one vial of your 'Pleasant Pellets.' Can now do my work for six in family, and feel like a new woman. I think it is the best medicine in the world for women. I recommend it to all my friends and many of them have been greatly benefited by it."

### Dr. PIERCE'S PLEASANT PELLETS Relieve Liver Ills!

### Who Wants to Be a Camel?

A camel's hind legs will reach anywhere—over his head, round his chest, and onto his hump; even when lying down an evil disposed animal will shoot out his legs and bring you to a sitting posture. His neck is of the same pliancy. He will chew the root of his tail, nip you in the calf, or lay the top of his head on his hump. He also bellows and roars at you, whatever you are doing—saddling him, feeding him, mounting him, unsaddling him. To the uninitiated, a camel going for one with his mouth open and gurgling horribly, is a terrifying spectacle; but do not mind him, it is only his way. "I heard," says Count Gleichen, "of one or two men having a leg broken from a kick at various times, but it was the exception and not the rule, for a camel is really a very docile animal, and learns to behave himself in most trying positions with equanimity, though I fear it is only the result of want of brains."

### Prominent Virginian Statesman.

Zedekiah Kidwell, for many years a prominent figure in Virginia politics, was born 100 years ago in Fairfax county, Virginia. He was graduated from Jefferson Medical college in 1839 and practiced medicine for some years. Later he took up the study of law and was admitted to the bar. In 1849 he was a delegate to the convention called to revise the Virginia constitution. He was a representative in the state legislature for several terms and served in congress from 1853 to 1857. During the Civil war period he held an important departmental post under the Confederate states government in Richmond. Mr. Kidwell died in Fairmont, Va., April 27, 1872.

### Her Eyes Upon Him.

A well-known writer was present recently at a dress rehearsal of a comedy played by amateurs. The rehearsal went well, but the hero, B., seemed rather hard and cold. The novelist sat in a box next to a charming woman of middle age. She said, at the end of the third act: "It goes beautifully, doesn't it?" "Beautifully," said the gentleman. "But B.—doesn't make love to that pretty girl in as ardent a manner as I could wish. His loveliness, in fact, strikes me as very tame and spiritless." The woman frowned. "He won't put any more spirit in it while I've got my eye on him, let me tell you," she said. "I'm Mrs. B."—New York Mail.

### Famous Japanese Shrine.

Kyoto, Japan, abounds in picturesque temples and quaint shrines, but perhaps no more interesting or beautiful spot will be found than a small shrine below the Kiyomizudera. In the valley beneath this temple is the Otawa-no-Taki, a small stream springing out of the rocks, led through bamboo pipes, and splashing on to the praying-stones in front of the shrine below. On these the devout kneel reverently, sometimes for 30 or 40 minutes, with cold water playing on their backs, supplicating the deity of the shrine for the safety and welfare of some beloved friend or relative.

### Sheridan and Brock Draw.

Detroit, Mich., March 5.—Mickey Sheridan of Chicago and Phil Brock of Cleveland fought eight vicious rounds to a draw before the Windsor Athletic club.

## NOTICE TO CONTRACTORS.

Sealed proposals addressed to the Board of Local Improvements and the Council of the City of Dixon, Lee County, Illinois, and endorsed proposals for the furnishing of the labor and materials for the construction of cement concrete curb, vitrified brick or block pavement with asphalt filler, and the construction of six (6) catch basins and providing for three (3) manhole covers adjusted to grade in, upon and along that portion of North Galena Avenue from the north line of Fellows Street to the north line of the right-of-way of the Illinois Central Railroad Co., in the City of Dixon, Lee Co., Ill., as provided for in Local Improvement Ordinance No. 156, Series of 1913, of said City of Dixon, will be received by the Board of Local Improvements and the Council of the City of Dixon, Lee County, Illinois, at the City Clerk's office in said City of Dixon until 2 o'clock in the afternoon on Friday, the 13th day of March, A. D. 1914, and will be publicly opened by the Mayor of said City of Dixon, (who is president of said Board of Local Improvements) at a joint meeting of said Council and Board of Local Improvements to be held in the Council Chamber in the City Hall in said City of Dixon at 2 o'clock in the afternoon on said day.

Said bids shall be opened by the Mayor in the presence of a majority of the Council and shall remain on file in the Mayor's office and be open to public inspection for at least forty-eight (48) hours before an award of said contract is made to any competitive bidder. After the expiration of forty-eight (48) hours, as above stated, said Council and Board of Local Improvements shall meet in joint session and determine the most advantageous bid for the City and publicly declare the same.

That the work for which said tenders are invited is the construction of about 370 linear feet of cement concrete curb, 22" high, 6" wide at top and 8" wide at bottom, with foundation of sand, gravel, broken stone or catch basins of brick, 5 feet deep and 3 feet internal diameter, with approved cover, grate and curb box and connected to manhole with 10" vitrified pipe; 3 manhole covers adjusted to grade; 1926 cubic yards of excavation; 1199 cubic yards of crushed stone in foundation with filter of sand or screenings; 450 cubic yards of clean sand in cushion; 7191 square yards of vitrified brick or block paving with asphalt filler as provided for in Local Improvement Ordinance No. 156, Series of 1913, of the City of Dixon, Illinois.

Each bid for this work must be accompanied by a certified check or cash for an amount not less than ten (10) per cent of the aggregate of said proposal. All certified checks must be drawn upon some responsible bank and must be payable to the order of the President of the Board of Local Improvements of the City of Dixon in his official capacity. No bids will be considered unless accompanied by such certified check or cash.

Said cash or certified check will be held by said Board of Local Improvements until the bids have been canvassed and the contract has been awarded and signed. The return of said certified check or cash to the satisfactory bidder being conditioned upon his appearance within fifteen days after having been notified of the award having been made to him or them, accompanied by his or their bondsmen and executing a contract with said Board of Local Improvements for the completion of the work so awarded, and giving a bond satisfactory to the Board of Local Improvements and the Council of the City of Dixon.

A bond of Fourteen Thousand (\$14,000.00) Dollars will be required conditioned for the fulfillment of the contract and complying with the ordinance and specifications and to the satisfaction of the Board of Local Improvements and the Council of the City of Dixon. All proposals must be made on blanks which will be furnished bidders at said City Clerk's office.

The payment for the work for which said tenders are invited is to be made in cash or bonds payable when the contract is completed and the work accepted by the Board of Local Improvements and Council of the City of Dixon. No bids will be considered unless the party shall furnish evidence satisfactory to said Board of Local Improvements and Council of said City of Dixon of his experience and ability in this class of work and that he can control sufficient capital to enable him to successfully prosecute the same in case the contract shall be awarded to him.

Bidders will examine the ordinance, maps, plans, profiles and specifications and also the locality in which said work is to be done and judge for themselves of all the circumstances and surrounding conditions affecting the cost and nature of the work.

Specifications are on file in the Mayor's office and may be seen at either the office of the Mayor or City Clerk of the City of Dixon.

The Council and Board of Local Improvements reserve the right to reject any and all bids.  
Dated at Dixon, Illinois, March 2nd, A. D. 1914.

## REVIVES BRIBE CHARGE

Greeley Says Chicago Brokers Raised "Put and Call" Fund.

Says Aid Was Refused—House Committee Hears Demands of Farmers for Inquiry.

Washington, March 5.—Charges that a jackpot was used by Chicago board of trade members to obtain "put and call" legislation from the Illinois legislature last year were revived by S. H. Greeley of Chicago at the hearing of arguments on the Manahan resolution by the house rules committee.

He read extracts from a memorial to the Forty-eighth general assembly of Illinois, submitted on May 5 last by John Hill, Jr., a member of the board of trade, declaring that a sum of \$5,300 had been raised to secure the passage of the so-called "put and call" bill, which Mr. Hill declared was vicious legislation.

Mr. Hill was censured by the Illinois senate for his statement after he failed to show the money had been raised for an irregular purpose.

"The chamber of commerce of Minneapolis, the largest primary wheat market of the world, is a private market, a monopoly opposed to the interests of the producer it is supposed to serve," Benjamin Drake of Minneapolis, counsel for half a dozen growers' associations, declared before the committee. Mr. Drake and representatives of organizations of northwestern wheat growers urged the enactment of laws establishing federal control of public terminal grain warehouses, government inspection and grading of grain and prohibition of dealings in grain futures where actual delivery is not intended.

Enlargement of the scope of the pending Manahan resolution is contemplated now by the rules committee, as the result of a proposal that the New York and New Orleans cotton exchanges also be investigated.

## CHARGES BY LAMAR FAIL

Accusations Against Steel Firm Collapse.

Washington, March 5.—The charges of David Lamar, "the wolf of Wall street," that the United States Steel corporation received \$75,000,000 in illegal rebates from railroads in the last six years collapsed. Hearings were ended abruptly by Interstate Commerce Commissioner Harlan, when Lamar admitted that he had no documentary evidence to substantiate his charges other than what already has been made public by the Stanley steel committee and the bureau of corporations.

The investigation was begun by the commission in compliance with a senate resolution authorizing an inquiry into the rebate charges.

## MILITANTS FIGHT IN HALL

Women Hired to Eject Invaders Are Repelled.

London, March 5.—Militant suffragettes fought in a hall where J. Ramsay MacDonald, chairman of the labor party, which is for woman suffrage, began speaking at a woman rally. Suffragettes, aided by a number of men, looted at the speaker. Women had been hired to deal with suffragettes, but were unable to eject the militants, who were put out by men after a fight that lasted nearly an hour and resulted in a call for the police. Women grabbed one another by the hair, scratched faces and tore clothing. Finally the police were called and Mr. MacDonald got a chance to finish his speech.

## LESS DYSPEPSIA NOW

—HERE'S THE REASON

The fact that there is less dyspepsia and indigestion in this community than there used to be is largely, we believe, due to the extensive use of Rexall Dyspepsia Tablets, hundreds of packages of which we have sold. No wonder we have faith in them. No wonder we are willing to offer them to you for trial entirely at our risk.

Among other things, they contain Pepsin and Bismuth, two of the greatest digestive aids known to medical science. They soothe the inflamed stomach, allay pain, check heartburn and distress, help to digest the food, and tend to quickly restore the stomach to its natural, comfortable, healthy state.

There is no red tape about our guarantee. It means just what it says. We'll ask you no questions. Your word is enough for us. If Rexall Dyspepsia Tablets don't restore your stomach to health and make your digestion easy and comfortable we want you to come back for your money. They are sold only at the 7,000 Rexall Stores and in this town only by us. Three sizes, 25c, 50c and \$1.00.—Campbell & Son, 105 First St.

## GREAT MASS OF PROOF

Reports of 30,000 Cases of Kidney Trouble, Some of Them Dixon Cases.

Each of the 6,000 newspapers of the United States is publishing from week to week, names of people in its particular neighborhood, who have used and recommended Doan's Kidney Pills for kidney backache, weak kidneys, bladder troubles and urinary disorders. This mass of proof includes over 30,000 recommendations of the Dixon cases.

John Salzman, 103 Artesian Ave., Dixon, Ill., says: "I had backache a great deal and pains across my loins. My kidneys did not act regularly and I felt miserable in every way. Finally I used Doan's Kidney Pills, procured at Leake Bros. Co.'s Drug Store and they did good work, relieving me. I keep them in the house and whenever I take them, they help me." Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Salzman had. Foster-Milburn Co., Props., Buffalo, N. Y.

#### GET MEAGHER'S SWORD

University Receives Weapon of  
Irish War Hero.

W. Bourke Cockran Orator at Indiana  
Ceremonies Attended by Many  
Visitors of Note.

Notre Dame, Ind., March 5.—Irish-  
Americans of Illinois, Indiana, Mon-  
tana and New York joined in com-  
memorating the services performed by  
the men of their race under the Stars  
and Stripes during the Civil war.

The occasion was the presentation  
to the University of Notre Dame of  
the sword of Gen. Thomas Francis  
Meagher, leader of the famous "Irish  
brigade," which six times stormed in  
vain the impregnable heights at  
Fredericksburg and whose bayonets  
swept back Pickett's men at the "high  
tide" at Gettysburg.

The presentation of the sword  
brought together representative men  
from the states named. From Mon-  
tana came Senator Thomas J. Walsh  
to speak for the state of which  
Meagher was governor. From New  
York, where were recruited the ma-  
jority of the soldiers that Meagher led,  
came W. Bourke Cockran to deliver  
one of the principal addresses. Very  
Rev. John Cavanaugh, C. S. C., ac-  
cepted the sword.

While the heroic deeds of the men  
of the Irish brigade were the ones of  
which the orators had the most to say,  
it was not of them alone that they  
spoke.

Rev. Father Corby, one of the presi-  
dents of Notre Dame, who had given  
the brigade the sword for the dying  
as it rushed forward to meet Lee's  
veterans at Gettysburg, shared with  
Meagher in the honors of the evening.  
When Roger C. Sullivan, acting as  
chairman, predicted that if another  
war should break out Notre Dame  
would furnish both Corbys and Meag-  
hers to the nation, the applause was  
the greatest. In opening the meeting  
Mr. Sullivan paid particular tribute  
to the work that had been done by  
the priests that Notre Dame had sent  
to serve as chaplains in the Union  
army. Senator Walsh opened his ad-  
dress with quoting Meagher's exordi-  
um to the sword.

#### GLANDS OF DEAD IN LIVING

Chicago Surgeon Performs Feat on  
Himself.

Chicago, March 5.—Successful im-  
plantation of a gland from the body  
of a youth dead 24 hours to his own  
body was announced by Dr. G. Frank  
Lydston before the Chicago Medical  
society. In addition to his self-con-  
ducted operation, Dr. Lydston gave de-  
tails of a similar gland transplanta-  
tion in which organs of a young wom-  
an dead several hours were installed  
in the body of a woman of fifty-nine  
years. In both cases the organs have  
continued to exercise their functions  
without apparent change, he declared.  
"I used my own body so that I might  
study the developments closely and  
so that no one else need suffer if my  
theory proved wrong, Doctor Lydston  
said.

#### PLOT AGAINST JOHN D.

Man Sentenced to Die Confesses to  
Conspiracy.

New York, March 5.—With death in  
the electric chair only three weeks  
away, Pietro Rebacci confessed in  
Sing Sing prison a series of "Black  
Hand" intrigues and murders in West-  
chester county. He said the "Black  
Hand" leaders had threatened John  
D. Rockefeller and had written that  
they would kidnap his grandson, John  
D. Rockefeller III. Mr. Rockefeller  
remained away from his Pocantico  
Hills estate and a platoon of detec-  
tives patrolled the grounds with shot-  
guns a long time.

Maker of X-Ray Tubes Is Dead.  
Hartford, Conn., March 5.—Henry  
Green, pioneer manufacturer of X-ray  
tubes, died at his home here of car-  
cinoma of the liver induced by X-ray  
poisoning. John L. Bauer, a glass  
blower, who aided him in the devel-  
opment of the tubes, died from the  
same disease in 1906.

#### METAL BEDS

A SOLID MAN**

wants to feel safe when he sits or  
lies down—doesn't want to take any  
chances on landing on the floor with  
a broken back and a broken com-
